

EXHIBIT 1

**UNITED STATES DISTRICT COURT FOR
THE DISTRICT OF MARYLAND**
(Southern Division)

JAMES HERBERT BOYD, JR., *et al.*,
individually and on behalf of all
similarly-situated individuals,

Plaintiffs,

v.

SFS COMMUNICATIONS, LLC, *et al.*,

Defendants.

Civil Action No.: 15-cv-3068 PJM

**DECLARATION OF SAM J. SMITH IN SUPPORT OF
PLAINTIFFS' MOTION FOR AN AWARD OF ATTORNEYS' FEES AND COSTS**

I, Sam J. Smith, am over the age of 18, am competent to testify to the following from my personal experience and knowledge, and declare as follows:

I. The Experience and Qualifications of Burr & Smith, LLP

1. I am the managing partner of Burr & Smith, LLP in St. Petersburg, Florida. Burr & Smith, LLP has a national practice of representing employees in wage and hour class and collective actions under the FLSA and state statutes and in class actions involving employment discrimination and public accommodations. The firm has substantial experience litigating small, medium, and large-scale class and collective actions and has secured precedential appellate victories in such cases. Burr & Smith, LLP has been recognized as a Tier 1 firm for a number of years by the Best Lawyers in America, which is the highest level recognized for law firms. Over the last 30 years, I have regularly litigated class and collective actions against nationally-recognized law firms, including Greenberg Traurig, P.A.; Morgan Lewis & Bockius, LLP; Aken Gump Strauss Hauer & Feld, LLP; Seyfarth Shaw, LLP; Gibson Dunn & Crutcher, LLP; Paul

Hastings, LLP; and Littler Mendelson, P.C. I am familiar with the rates charged by partners and associates in these firms and believe the rates charged by Burr & Smith, LLP are generally lower than the rates charged for similarly experienced partners and associates of these firms.

2. I am familiar with the factual background and basis of Plaintiffs' claims, the legal and procedural issues the parties disputed, and the judgment recovered in this case. I also have personal knowledge of the experience, reputation, skills, and legal abilities of the attorneys and non-lawyer staff who worked on this case on behalf of the Plaintiffs.

3. In regards to my personal experience and qualifications, I have a B.S. in Electrical Engineering from the University of Central Florida, where I graduated *summa cum laude*, and was the President of the National Engineering Honor Society, *Eta Kappa Nu*. I received my J.D. from FSU College of Law and graduated with highest honors (class rank: 2/174). At FSU, I was a member of the Law Review. On the Law Review, I was an Articles and Notes Editor responsible for editing published work by renowned authors and the Executive Writing Editor responsible for editing all submissions written by Law Review members. I received seven book awards for getting the highest grade in the course while at FSU law school, including Torts, Contracts, Evidence, Statutory Interpretation, Antitrust, and Legal Research & Writing I and II. I was recognized as a member of the Order of the Coif.

4. I have practiced law for 32 years, litigated class and collective actions for more than 30 years, and acted as lead or co-lead counsel in over 50 certified and putative class and collective actions under the FLSA, FMWA, EPA, and Title VII. I was lead counsel and argued three appeals that resulted in precedent-setting cases in FLSA law: *Freixa v. Prestige Cruise Services, LLC*, 853 F.3d 1344 (11th Cir. 2017) (established that for the Retail Sales or Service Establishment Exemption of the FLSA, 29 U.S.C. § 217(i)(1), to apply the regular rate paid to the employee must

exceed one and one-half times the federal minimum wage on a workweek basis versus averaging of this calculation over the entire employment tenure); *Polycarpe v. E & S Landscaping, Inc.*, 616 F.3d 1217 (11th Cir. 2010) (reversing five summary judgment orders of five courts and establishing broad interpretation of enterprise coverage under the FLSA); and *Bailey, et al. v. Gulf Coast Transportation, et al.*, 280 F.3d 1333 (11th Cir. 2002) (establishing right to injunctive relief in FLSA retaliation cases). I have regularly made presentations on class and collective actions, FLSA issues, the use of expert witnesses, class arbitration, mediation, and other legal issues for the ABA, National Employment Lawyers Association (“NELA”), ACI, Florida Bar, Hillsborough County Bar, Clearwater Bar Association, and Florida NELA. I received a Foot Soldier Award from the National Association for the Advancement of Colored People and an Outstanding Service in Public Accommodations Law award from the Washington Lawyers’ Committee for Civil Rights and Urban Affairs for my work in public accommodations and was recognized by the Trial Lawyer’s for Public Justice for my work on the *Haynes v. Shoney’s* class action. I have received several additional prestigious recognitions during my legal career, such as being named a Florida Super Lawyer every year since 2009; a member of the Florida Legal Elite (2010); a member of the Best Lawyers in America for the specialty of Labor and Employment Law since 2009; the Best Lawyers 2012 Tampa Employment Law – Individuals “Lawyer of the Year”; and the Best Lawyers 2018-2021 St. Petersburg, Litigation – Labor and Employment Law “Lawyer of the Year.” I have an AV rating by Martindale Hubbell. In addition, I have been a member of various professional labor and employment associations and have authored or edited various publications on labor and employment law, including acting as a senior editor and contributing author of Ellen C. Kearns’ treatise, The Fair Labor Standards Act, for over ten years. In 2010, along with a management attorney, I was responsible for drafting and editing Chapter 19, Collective Actions, and Chapter

20, “Hybrid FLSA/State Law Actions,” of The Fair Labor Standards Act. These chapters provided a comprehensive review and analysis of collective actions under the FLSA and class actions under state wage & hour laws. I also have served as the Employee Co-Chair of the FLSA Subcommittee of the American Bar Association from 2004 to 2007 and the Employee Co-Chair of the Federal Labor Standards Legislation Committee from 2007 to 2010. I am a member of the Wage and Hour Committee of the National Employment Lawyers Association (“NELA”) and have served as the Committee’s Legislation Liaison for NELA. I lobbied Congress and helped draft changes to the Motor Carrier Act Exemption to the FLSA. I have also trained law clerks for the Middle District of Florida in wage & hour law. I have significant experience developing complex damage models in class actions and working with experts in damages, statistical analysis, and industrial psychology. My current billing rate is \$700 per hour. This rate has been agreed to with other class action firms in multiple cases and has been used in fee recovery proceedings on behalf of Plaintiffs.

5. I have testified as an expert on the question of the reasonableness of attorneys’ fees in cases involving the litigation of complex employment cases, particularly those brought under the FLSA and wage and hour class actions. I have also represented other firms in complex attorneys’ fee litigation, including the Washington Lawyer’s Committee. I have a standard practice of reviewing the rates charged by other counsel who practice wage and hour and employment discrimination class actions. In doing so, I typically interview managing partners who defend and prosecute wage and hour class and collective actions and inquire about their rates for partners and associates with similar experience to attorneys employed by Burr & Smith. I also review the rates charged by my co-counsel working on other class and collective actions. Moreover, in setting the hourly rates for attorneys who work for Burr & Smith, I have considered their skill, experience, and reputation. I am familiar with the factors that affect the setting of hourly

rates and reasonable hours for attorneys in class action wage and hour cases under fee shifting statutes and have used those factors in setting the hourly rates sought to be recovered in this case for attorneys, data analysts, and paralegals who worked for Burr & Smith and represented Plaintiffs in this action. These rates sought are as follows: Sam J. Smith, \$700; Loren B. Donnell, \$550; Rachel Wood, \$500; Kelly Slovinac, \$225; Noah Smith, \$225; Connie Lowe, \$150; and Patricia Smith, \$150. These rates or higher rates have been agreed to between our firm and other class or collective action counsel in other wage and hour class and collective action cases filed throughout the United States.

6. Prior to filing and throughout the time period during which we have represented Plaintiffs, we staffed this case utilizing associates and paralegals where appropriate and attempted to minimize any duplication of efforts by attorneys and paralegals working on the case. My role in this case included, but was not limited to, being lead counsel for the Plaintiffs, arguing all motions before the Court, providing strategic advice to Class Counsel, conducting legal research, editing and drafting pleadings, including Plaintiffs' affirmative summary judgment motion, preparing for and taking ten depositions, including two Rule 30(b)(6) depositions and eight manager and supervisor depositions, representing Plaintiffs during two mediations and numerous follow-up meetings after the mediations, formulating an approach to the Comcast workforce data to maximize the recovery for Plaintiffs, and negotiating with opposing counsel. I also drafted Plaintiffs' Petition for Attorneys' Fees and Costs and this declaration. I also reviewed the time records of all of the attorneys, paralegals, and data analysts who worked on this case and exercised billing judgment to reduce the hours sought by Plaintiffs. In my exercise of billing judgment, I deducted 454.1 hours equal to \$154,016.50 from the hours billed to this case by Class Counsel. Plaintiffs are seeking to recover a total of 1,172 hours for a total of \$820,400.00 for the work I

performed on this case (28.1 hours that I billed to this case were deducted pursuant to billing judgment). *See* Exhibit A – Chart listing rates sought, total hours recorded, billing judgment hours deducted, and Lodestar hours and amounts for Class Counsel.

7. Loren Donnell, a partner at Burr & Smith, LLP, is also counsel for the Plaintiffs. She was admitted to the Florida Bar in 2005 and has practiced labor and employment law representing plaintiffs in class and collective employment actions for nearly sixteen years. Ms. Donnell graduated from the University of Florida with a degree in Decision and Information Sciences in 2001 and a juris doctor's degree from Stetson College of Law, *cum laude*, in 2005. Ms. Donnell was a member of Stetson *Law Review*, a teaching assistant for Legal Research in Writing I & II, research assistant, and judicial intern. Ms. Donnell is a past President of the Florida Chapter of the National Employment Lawyers Association ("Florida NELA") and has been a member of its executive board for 14 consecutive years from 2008-2021. She has been a chapter editor and contributing author of Ellen C. Kearns, The Fair Labor Standards Act, Vol. II (2d ed., BNA Books 2010) and a number of its supplements. Further, she is a senior editor and contributing author to Gregory K. McGillivray, Wage and Hour Laws: A State-by-State Survey, (3d ed., Bloomberg BNA 2016) and many of its supplements. Ms. Donnell also regularly presents at American Bar Association conferences and employment related conferences on FLSA and wage and hour topics. Ms. Donnell has been co-lead counsel in numerous conditionally certified class and collective actions in wage and hour law in various jurisdictions. Throughout her legal practice, Ms. Donnell has focused completely on employment law collective and class actions on behalf of plaintiffs. In this case, Ms. Donnell assisted Ms. Wood in preparing an initial case evaluation for this case, including evaluating likely defenses and whether CUI and SFS could pay a judgment. Ms. Donnell was responsible for negotiating with CUI's counsel over ESI protocols that were

implemented in this action and for negotiating the joint employer stipulation executed by CUI. Ms. Donnell drafted model discovery pleadings on behalf of all Plaintiffs; drafted interrogatories, document requests, and requests for admission served on Defendants; and edited Plaintiffs' Rule 30(b)(6) deposition notices. She supervised the review of more than 54,000 documents produced by Defendants. Ms. Donnell edited Plaintiffs' motion for conditional certification of the FLSA claims in this action and drafted Plaintiffs' motion for class certification of the Maryland claims. Ms. Donnell provided extensive research of various defenses that could have been brought or were brought in this action including whether Plaintiffs were exempt from the overtime requirements of the FLSA under Section 7(i) and whether CUI had sufficient knowledge of the minimum wage, overtime, and deduction violations alleged in this action. Ms. Donnell drafted the sections of Plaintiffs' motion for summary judgment that addressed the MWHL and MWPCl claims and drafted sections of the opposition to CUI's motion for summary judgment on these claims. After the Court heard oral argument on the Parties' summary judgment motions, Ms. Donnell drafted supplemental briefs addressing the impact of CUI stipulating to be a joint employer with defaulting Defendant SFS, including, whether *Frow v. De La Vega*, 82 U.S. 552 (1872), prohibited a finding that CUI was liable for SFS' default. Finally, Ms. Donnell was responsible for researching legal issues related to the pleadings submitted on behalf of the Plaintiffs on damages and for drafting sections of these pleadings. Plaintiffs are seeking to recover a total of 785.1¹ hours for a total of \$431,794.55 for the work Ms. Donnell performed on this case (36.5 hours that she billed to this case were deducted pursuant to billing judgment). *See* Exhibit A.

8. Rachael Wood, a former associate at Burr & Smith, was admitted to the Florida Bar in 2008. Ms. Wood has extensive experience representing plaintiffs in wage and hour,

¹ This number is a rounded number to 785.1 hours.

discrimination, harassment, retaliation, and other employment related claims. Ms. Wood graduated with a Bachelor's degree in Criminal Justice from the University of Texas at Arlington in 2002 and a Masters in Criminology from the University of South Florida in 2004. She graduated from Stetson University College of Law in 2007. At Stetson, she participated in both Law Review and Stetson's nationally recognized Trial Team. Upon graduation, Ms. Wood was honored by receiving the Edward D. Foreman Most Distinguished Student Award. Ms. Woods was recognized as a rising star in 2016 and 2017 while employed with Burr & Smith and has been recognized by Best Lawyers in America in the practice area Litigation – Labor and Employment since 2019. She is the co-chair of the Employment and Labor Law Section of the St. Petersburg Bar Association. Ms. Wood has also taught Civil Litigation as an adjunct professor at St. Petersburg College. Ms. Wood has practiced in employment discrimination and wage and hour cases for over 13 years. Ms. Wood was responsible for investigating the claims brought and Defendants in this action and drafting a case memorandum addressing numerous issues in this action. She was the attorney primarily responsible for the day-to-day litigation of this action on behalf of Burr & Smith after the case was filed in October 2015 until she left Burr & Smith in November 2017. She drafted the motion for conditional certification of the FLSA claims, including drafting numerous declarations for the Plaintiffs and addressing all issues related to distributing the notice to potential opt in plaintiffs. She drafted detailed mediation statements for the mediations held before Judge Legg on May 20, 2016 and before mediator Eric Paltell on December 4, 2017. Ms. Wood was responsible for subpoenaing payroll data from Wells Fargo and ADP and workforce data from Comcast Corporation and for working with data analysts at Burr & Smith to develop damage calculations used at the two mediations held in this case. Plaintiffs are seeking to recover a total of 361.1 hours for a total of \$180,550.00 for the work Ms.

Wood performed on this case (38.8 hours that she billed to this case were deducted pursuant to billing judgment). *See* Exhibit A.

9. Plaintiffs are also seeking fees for the worked performed by four non-lawyers employed by Burr & Smith for their work performed on this case.

10. Kelly Slovinac, a former data analyst and paralegal at Burr & Smith, has a B.A. in Information Systems Management and an M.A. in Cybersecurity from the University of South Florida and more than ten years of experience evaluating and processing large amounts of data in gender discrimination and wage and hour class and FLSA collective actions. Ms. Slovinac was responsible for preparing the initial damage calculations used by Plaintiffs at the first mediation held before Judge Legg. Plaintiffs are seeking to recover a total of 48.2 hours for a total of \$10,845.00 for the work Ms. Slovinac performed on this case (0.3 hours that she billed to this case were deducted pursuant to billing judgment). *See* Exhibit A.

11. Noah Smith, a data analysis at Burr & Smith, has a B.S. in Computer Science from the University of Florida and more than four years of experience evaluating and processing large amounts of data in wage and hour class and FLSA collective actions. Mr. Smith was responsible for preparing the initial damage calculations used by Plaintiffs in the second mediation held before mediator Eric Paltell and for preparing numerous analyses used in support of Plaintiffs' motion for summary judgment, in opposition to CUI's motion for summary judgment, and in the damage phase of this litigation. Mr. Smith's damage model was ultimately used by CUI and the Plaintiffs in the final damage analysis and adopted by the Court in its July 6, 2021 judgment. *See* ECF No. 192-1 and ECF No. 194. Plaintiffs are seeking to recover a total of 332.8 hours for a total of \$74,880.00 for the work Mr. Smith performed on this case (21.0 hours that he billed to this case were deducted pursuant to billing judgment). *See* Exhibit A.

12. Connie Lowe, a former paralegal at Burr & Smith, has more than 35 years of experience working for law firms as a paralegal and legal assistant in the Middle District of Florida. She was responsible for preparing subpoenas, document requests, interrogatories, deposition notices, and for cite checking most of Plaintiffs' substantive motions and oppositions. Plaintiffs are seeking to recover a total of 169.7 hours for a total of \$25,455.00 for the work Ms. Lowe performed on this case (182.0 hours that she billed to this case were deducted pursuant to billing judgment). *See* Exhibit A.

13. Patricia Smith, a paralegal at Burr & Smith, has more than five years of experience working as a paralegal and data analyst for the firm. She was responsible for reviewing many of the 54,000 documents produced by Defendants and for preparing potential Rule 30(b)(6) and other manager deposition exhibits. Plaintiffs are seeking to recover a total of 175.9 hours for a total of \$26,385.00 for the work Ms. Smith performed on this case (1.3 hours that she billed to this case were deducted pursuant to billing judgment). *See* Exhibit A.

II. The Hours Expended on this Case Are Reasonable

14. Class Counsel include three law firms, Burr & Smith, LLP; Brown, Goldstein & Levy, LLP; and Melehy & Associates, LLC, that have extensive experience in litigating class and collective actions. As lead counsel, I was responsible for assigning work to attorneys, paralegals, law clerks, and data analysts utilizing the skill level and experience of each firm so that the work was performed in an efficient manner. The timekeepers in this case have maintained their time contemporaneously with the tasks performed and have reported each discrete task in six-minute intervals; and, on a quarterly basis, letters were sent to defense counsel apprising them of the hours worked and fee amounts incurred by Class Counsel. I conducted significant billing judgment on a line-by-line basis to delete time which was arguably duplicative, redundant, erroneous, or time

spent by multiple attorneys attending the same meeting or reviewing the same document, or time spent traveling for the case that exceeded two hours. For purposes of this motion, I categorized the hours worked based on the nature of the activity performed in the case using the categories contained in Appendix B of the Local Rules, *i.e.*, case development, pleadings, written discovery, depositions, motions practice, court hearings, trial preparation, ADR, and fee petition preparation. These categories are summarized below and discussed in detail in Plaintiffs' motion. Only work provided directly on this action has been included. All of the hours described below were necessary for the representation of Plaintiffs in this action. In Exhibit A, I provide the Court with a chart showing for each timekeeper, their names, firm, years of practice, rate, the hours and amounts billed, the hours and amounts reduced using billing judgment, and the Lodestar hours and amount for the 19 attorneys, paralegals, law clerks, and data analysts for whom Class Counsel is seeking an award of attorneys' fees. In Exhibit B, I provide the Court with a chart that shows the hours and amounts billed by type of work performed using the categories identified in Appendix B to the Local Rules, the hours and amounts reduced using billing judgment, and Lodestar hours and amounts. Finally, in Exhibit C, I provide the Court with a chart showing the daily work hours for all 19 attorneys, paralegals, law clerks, and data analysts for whom Plaintiffs are seeking an award of attorneys' fees and those of 12 attorneys, paralegals, and law clerks for whom Plaintiffs are not seeking an award for their time. Exhibit B shows the results of my exercise of billing judgment., I eliminated a total of 454.1 hours equal to \$154,016.50 including the elimination of all of the hours and amounts billed for twelve timekeepers (32.6 hours and \$13,714.50 for their time). After this reduction for billing judgment, Class Counsel seek a total of 3,906.7 hours equal to \$1,941,450.30.

15. **Case Development:** Over the six years this case was in litigation, Class Counsel spent 663.5 hours developing the factual basis for the case, conducting legal research, and communicating with 155 Plaintiffs and numerous witnesses and corporate entities. I exercised billing judgment and reduced 73.5 hours from time spent developing this case. Thus, Class Counsel seek a total of 590.0 hours in the amount of \$235,210.70 for time spent developing this case. Significant research was performed to determine the proper legal employers to sue and to anticipate defenses by the Defendants. These defenses included: (1) whether CUI had sufficient knowledge of the hours worked by the SFS technicians to be held liable for the claims in this action; (2) whether the SFS technicians were exempt from the overtime provisions of the FLSA pursuant to the commissioned sales exemption, 29 U.S.C. § 207(i); (3) whether Defendants would agree to limit discovery to representative Plaintiffs versus conducting wholesale discovery of all Plaintiffs, and (4) whether the CUI Defendants were joint employers under the FLSA and Maryland claims. In addition, Class Counsel regularly communicated with the 155 Plaintiffs in this action and provided them with regular updates regarding the status of the litigation. Ultimately, this preparation and a thorough development of the facts and legal arguments led to the Parties' stipulation that the CUI Defendants were joint employers of the SFS technicians and to the preparation of a significant record of CUI's knowledge of the violations in this action. This work was critical in determining the viability of Plaintiffs' case and in preparing for depositions in this complex collective and class action. In addition, substantial time was spent analyzing the complex Comcast data obtained for the SFS technicians in this case. Accordingly, the time spent by Plaintiffs' counsel with respect to this category was necessary and reasonable to the Plaintiffs' successful litigation of this case and is therefore fully compensable.

16. **Pleadings:** Class Counsel spent 40.1 hours drafting the complaint in this case, reviewing Defendants' answers, and researching issues specific to the complaint and answers, but discounted 4.9 hours of time spent doing so, such that Class Counsel seeks a total of 35.2 hours for an amount equal to \$16,985.00. Here, the Complaint included detailed collective and class action allegations by four named Plaintiffs against six Defendants and detailed the factual basis for holding the CUI Defendants liable as joint employers for violations of the FLSA, MWHL, and MWPCCL. None of the Defendants moved to dismiss the Complaint, and Plaintiffs did not have to amend the Complaint even after substantial discovery was conducted. Thus, the time expended in this category was reasonable and necessary for the successful litigation of the Plaintiffs' claims, and Class Counsel should be compensated in full for this time.

17. **Written Discovery:** After deducting 176.3 hours equal to more than \$32,000, Class Counsel seek fees in the amount of \$290,894.00 for 694.4 hours spent drafting extensive discovery requests directed to the Defendants, conducting significant discovery of electronically stored information ("ESI") held by Defendants and in the possession of the Plaintiffs, conducting extensive conferences with opposing counsel regarding the contours of discovery, reviewing and responding to interrogatories, document requests, and requests for admission for ten Plaintiffs, reviewing documents produced in discovery, and subpoenaing and reviewing workforce, payroll, and other data from third-party entities. Class Counsel reviewed more than 54,000 policy documents, contracts between CUI and SFS, emails, spreadsheets, and procedure manuals produced by Defendants. Class Counsel subpoenaed payroll, timekeeping, and workforce data from more than five corporations and negotiated with their counsel to obtain the discovery in a useable format. Discovery in this case was complicated by the SFS Defendants refusing to produce

documents, answer written discovery, or sit for depositions. Accordingly, the time spent in this category was reasonable and necessary to the success of the litigation and should be awarded.

18. **Depositions:** After eliminating 37.3 hours equal to \$11,759.50, Class Counsel seek fees in the amount of \$236,803.50 for 436.7 hours spent preparing for, defending, and taking 18 depositions. Class Counsel reviewed more than 54,000 documents and took eight depositions of Defendants' managers and supervisors, including two Rule 30(b)(6) depositions, and used more than 97 exhibits in these depositions. Only one attorney attended each deposition, with the exception of one of the Rule 30(b)(6) depositions where an additional attorney attended for part of the deposition. Class Counsel deducted the time for the second attorney and deducted a total of 37.3 hours for possible duplication in this category. Class Counsel prepared for and defended ten depositions of Plaintiffs, which required significant preparations because the ten Plaintiffs were designated as representative plaintiffs and because extensive Comcast data, payroll data, and policy and procedure documents were reviewed with the Plaintiffs to properly prepare them for their highly-leveraged depositions. The depositions taken in this case were used to convince the CUI defendants to stipulate to being a joint employer of the SFS technicians and to provide a robust summary judgment factual record that defeated CUI's principle defense that it had insufficient knowledge of the minimum wage, overtime, and unauthorized deductions taken in this matter. The depositions were also instrumental in obtaining significant damages in this case. Accordingly, the time spent in this category was reasonable and necessary to the success of the litigation and should be awarded.

19. **Court Hearings:** Class Counsel seek to recover for 14.8 hours equal to \$7,838.50 in fees (after voluntarily eliminating 2.4 hours of time) in connection with attending Court hearings in this case. Class Counsel should be commended for limiting the Court time that was necessary

to take this case to judgment after almost six years of contentious litigation. Lead counsel Sam Smith efficiently argued all of the substantive motions heard by the Court in this matter, and Class Counsel reduced time for other counsel's attendance at these hearings. Accordingly, this time should be compensated in full.

20. **Settlement Negotiations and Mediation:** Plaintiffs seek compensation for 488.3 hours (after eliminating 46.8 hours), which has a total value of \$243,054.85, for work in representing 155 Plaintiffs in numerous direct negotiations with Defendants and in two formal mediations held in this case. To prepare for the direct negotiations and two mediations held in this case, Class Counsel obtained significant payroll and workforce data for the Plaintiffs and developed complex damage models designed to convince Defendants of their significant exposure to damages in this case. At each negotiation, Plaintiffs countered CUI's dogged insistence that the Plaintiffs rarely if ever worked overtime hours with detailed spreadsheets demonstrating the work performed by the Plaintiffs and Defendants' substantial exposure to damages. Although Plaintiffs were unable to settle this matter during the direct negotiations and mediations that occurred in this case, the damage models prepared in these negotiations and mediations were ultimately used to development final damage models used by the Parties, which were adopted by the Court. Class Counsel should be commended for spending significant resources on direct negotiations and mediation as this case should have been resolved years ago. Therefore, the time spent in this category was reasonable and necessary to the result obtained by the Plaintiffs and thus should be compensated in full.

21. **Motions Practice:** Class Counsel seeks fees for 1,536.9 hours (after reducing 99.3 hours) spent researching, drafting, and preparing for argument of numerous motions that Plaintiffs were required to file in this case. More than 36 substantive motions were filed during the almost

six years this case was in active litigation. Plaintiffs filed a motion to strike affirmative defenses, which was successful in getting CUI to withdraw its principle defenses. ECF Nos. 33-35. Plaintiffs filed a motion for conditional certification, which was successful and resulted in 49 Plaintiffs joining the FLSA action. ECF Nos. 37-39, 49, 52-56. Plaintiffs filed a motion for default against the SFS Defendants and obtained a default judgment against these Defendants. ECF Nos. 95, 114. Plaintiffs filed numerous motions to compel, which were granted and which helped Plaintiffs obtain comparator evidence of the hours worked by CUI's technicians who worked alongside of the SFS techs. ECF Nos. 65, 80, 81, 89, 94, 111, 116, 117. Plaintiffs filed a Rule 23 class certification motion that was successful in certifying the Maryland claims as class claims and in obtaining damages for more than 100 members of the Maryland class. ECF Nos. 124, 147. At the close of discovery, Plaintiffs filed a comprehensive motion for summary judgment, a detailed opposition to CUI's motion for summary judgment, and a thorough reply brief on summary judgment, which were ultimately successful in obtaining a judgment on all claims at issue in this case. ECF Nos. 123, 130, 143, 146, 147, 149, 153, 169. Plaintiffs also filed numerous motions that addressed the damages in this case and prepared numerous complex damage models that analyzed more than three years of payroll data, extensive invoice data, and 4.5 million rows of Comcast data that ultimately provided a model that the Parties and the Court adopted and resulted in a judgment of over \$1.9 million for the Plaintiffs. *See e.g.* ECF Nos. 180, 189. In light of the foregoing circumstances, the amount of time expended by Plaintiffs in this category was reasonable and necessary as the Court ultimately determined that all Defendants were jointly and severally liable for all claims in this case. ECF No. 191. Thus, all of this time devoted to motion practice should be fully compensated.

22. **Fee Petition:** Class Counsel is seeking compensation for 101.5 hours and \$58,273.50 (after voluntarily reducing 13.1 hours) for preparing quarterly reports of the attorneys' fees expended and conducting research for and drafting and editing the motion, memorandum in support, declarations in support, and a proposed order for Plaintiffs' Petition for Attorneys' Fees and Costs. This required Class Counsel to review and categorize fee records for six years of litigation and draft a comprehensive memorandum in support of this motion. Accordingly, the time requested in this category was reasonable and fully compensable.

23. **Trial Preparation:** Class Counsel is seeking compensation for 8.9 hours for preparing a trial outline for this case. Although the outline was ultimately not required, the creation of the outline provided guidance to Class Counsel in preparing for depositions and for substantive motions. Accordingly, the time requested in this category was reasonable and fully compensable.

III. This Case Is Complex and Required Skilled Class Counsel

24. This case is a complex collective and class action. The collective action aspect was complex in part because Class Counsel was required to communicate with, counsel, and represent numerous individual Plaintiffs with different levels of experience with the litigation process and different expectations. The Rule 23 class action aspect of the case was complex in that Class Counsel represents unknown class members who must rely on the expertise of Class Counsel to pursue their claims. Extensive efforts were undertaken to communicate with members of the collective and class action so that their expectations were consistent with possible litigation outcomes. This case was more complex than most wage and hour collective and class actions because the Plaintiffs were hired and paid by SFS but supervised by CUI, and CUI initially claimed it was not a joint employer of the Plaintiffs and ultimately claimed it had insufficient knowledge of the wage and hour violations at issue. *Id.* In addition, there were no time records maintained

by Defendants and the case covered more than 4 years of daily work that occurred during two different methods of distributing jobs and performing the work in this case (paper and electronic distributions). Significant discovery was required to defend against CUI's assertion that it had insufficient knowledge of the work performed by the Plaintiffs. In addition, because none of the Defendants maintained the required payroll and timekeeping records and SFS defaulted and refused to cooperate in discovery, comprehensive subpoenas were needed to be served on third-party corporations that had payroll and workforce data for the Plaintiffs. *Id.* Because this litigation was extremely complex, the attorneys' fees and costs sought by Class Counsel should be awarded in full.

25. Skilled counsel were necessary to litigate this complex case over almost six years. Class Counsel were able to draw from experienced partners, associates, law clerks, paralegals, and data analysts to achieve a significant victory in this case. This case required representation by attorneys familiar with and experienced in issues related to the FLSA, MWHL, and MWPCCL, complex damage modeling, collective actions, and Rule 23 class actions. Each of the firms representing the Plaintiffs brought this experience to the case and contributed to the extraordinary result obtained.

26. Class Counsel has expended over 4,000 hours in representing Plaintiffs in this matter. This is a substantial expenditure of time. The commitment to the Plaintiffs in this matter has impacted the ability of Class Counsel to accept other cases that may have provided counsel with higher awards than are achievable through a Lodestar fee award process. Burr & Smith is a boutique firm specializing in class and collective actions and, because of our size, we only accept a small number of cases each year. Because this case has lingered for almost six years and taken

a substantial amount of time, our firm has declined cases that may have resulted in obtaining attorneys' fees that are higher than a Lodestar fee.

27. Plaintiffs and Class Counsel were unknown to each other until counsel began to represent them in this case. Class Counsel took this case on a pure contingency basis, expecting to be paid upon the conclusion of the case either through a negotiated settlement or by petitioning this Court for a fee award. In doing so, Plaintiffs' counsel accepted all the risk associated with a pure contingency agreement including the possibility that they would have to litigate this case and advance substantial costs for an extended period of time without any compensation. CUI fought this case for almost six years even after stipulating to being a joint employer of the SFS technicians and having produced time records of CUI technicians that showed CUI was aware that their technicians who worked at the same locations and performed the same job duties as the SFS technicians regularly worked overtime hours. The contingent nature of the case and the fact that a wage case can be met with staunch opposition from a well-financed employer-defendants makes cases such as this undesirable to many attorneys.

IV. CUI Had Numerous Opportunities to Settle this Case

28. On October 8, 2015, this case was filed by four named Plaintiffs as a putative collective action under the FLSA and putative class action under the MWHL and MWPCCL. ECF No. 1. On November 23, 2015, the Court, at the Parties' request, stayed the case through June 30, 2016 to allow the parties to exchange pay and workforce data including data from Comcast Corporation so that the parties could hold their first mediation before the Honorable Benson Legg (retired) on May 20, 2016. *See* ECF Nos. 15-24. The Parties continued to discuss settlement with the assistance of Judge Legg through September 1, 2016, ECF No. 26 and 27, but ultimately reached impasse with Defendants' last offer equal to less than \$50,000.00 inclusive of attorneys'

fees and costs. As of September 1, 2016, Plaintiffs had incurred \$206,908.75 in attorneys' fees. Throughout the period of this mediation, Class Counsel insisted on Defendants' agreement to toll the statute of limitations for the FLSA claims in this case, which ultimately tolled the FLSA claims for 259 days.

29. On January 27, 2017, the Court granted Plaintiffs' motion for conditional certification and, over Defendants' objections, required Defendants to post the collective action notice in their warehouses and to provide Plaintiffs with phone numbers and email addresses of members of the collective and allowed for the mailing of a reminder postcard. ECF No. 48 at 6. As of January 27, 2017, when conditional certification was granted, Class Counsel had incurred a total of \$273,234.25 in attorneys' fees.

30. On June 6, 2017, the Court entered a Scheduling Order for this case. ECF No. 58. On June 20, 2017, the Parties jointly requested an extension to the discovery deadlines to allow for necessary discovery in the case and for a second mediation of this matter. ECF No. 59. The Parties also agreed to representative testimony consisting of the four named Plaintiffs and eight opt-in Plaintiffs selected on a random basis. *Id.* at ¶ 7. Class Counsel arduously pressed for and obtained this agreement allowing for a representative sample of Plaintiffs to be subjected to discovery and for trial of the claims in this case, which was crucial to the efficient prosecution of this action as it allowed for the Plaintiffs to conduct discovery and ultimately to move for summary judgment on liability and damages for the collective and class action with a representative group of Plaintiffs. The Parties also agreed that Plaintiffs could move for Rule 23 certification of the Maryland class claims at any time up to 30 days after the Court ruled on dispositive motions. This provision was favorable to Plaintiffs as it allowed for the motion to certify the Rule 23 claims to be made using all of the evidence obtained in discovery of the merits of the case.

31. After discovery commenced and Plaintiffs had filed a motion to compel responses to interrogatories and document requests by SFS, on August 28, 2017, the Parties jointly moved the Court to again stay this case to allow the Parties to conduct their second mediation. ECF No. 68. The Parties “agreed that continuing to incur attorneys’ fees and costs to complete discovery while discussing settlement may adversely affect the possibility of resolution.” *Id.* At the request of the Parties, the Court continued the stay to allow the parties to hold their second mediation before mediator Eric Paltell on December 4, 2017. ECF No. 71. Prior to mediation, Plaintiffs offered to settle the FLSA collective action and putative Maryland Rule 23 case for a total of \$1,927,619.45, inclusive of attorneys’ and costs. The Parties reached impasse after the Defendants jointly refused to pay more than \$50,000 for all claims inclusive of attorneys’ fees and costs. CUI based its settlement offer primarily on its analysis of the invoice data that it later argued was inaccurate and unusable for damage purposes. As of December 4, 2017, Class Counsel had incurred \$430,642.25 in attorneys’ fees.

32. After the case returned to active litigation, Plaintiffs conducted extensive discovery of CUI’s defenses in this case including its defense that it was not a joint employer of the technicians at issue. By mid-August 2018, Plaintiffs had obtained more than 54,000 multi-page documents and had taken a Rule 30(b)(6) deposition of the CUI defendants that had 53 Exhibits. After the Rule 30(b)(6) deposition and production of numerous emails showing CUI’s control over the SFS technicians, Class Counsel were able to extract a stipulation with CUI in which CUI admitted that it was joint employer along with SFS of the technicians at issue in this case. This stipulation and the facts supporting it ultimately lead to Plaintiffs moving for summary judgment on all claims under the FLSA, MWHL, and MWPCl on March 29, 2019. *See* ECF No. 123.

33. By the conclusion of discovery, Class Counsel had taken and defended 18 depositions including two comprehensive Rule 30(b)(6) depositions and six manager depositions and had obtained extensive discovery of Defendants' policies and practices, including the substantial oversight by CUI managers and supervisors over the SFS technicians. In addition, Class Counsel filed four successful motions to compel, including a motion to compel time and pay records of CUI's technicians who were supervised by the same managers as the SFS technicians at issue in this case. *See* ECF No. 117 (motion to compel granted compelling production of CUI time and pay records of a sample of 19 CUI techs). Class Counsel had also successfully subpoenaed workforce data from Comcast, payroll data from Wells Fargo and ADP, and TechNet and WFX data from CSG Systems, Inc. Class Counsel also continued to discuss and make settlement proposals to Defendants that were summarily rejected. In fact, before moving for summary judgment on behalf of Plaintiffs, Class Counsel made a last attempt to settle this matter and informed CUI that settlement prior to summary judgement was advisable because CUI was an admitted joint employer, had no viable defenses to liability, and summary judgment briefing, damage briefing, and trial were likely to exponentially expand the Parties' attorneys' fees and costs expenditures. CUI again rebuffed settlement overtures by Plaintiffs. As of March 29, 2019, Class Counsel had incurred \$1,257,497.25 in attorneys' fees.

34. On April 15, 2021, the Court issued a comprehensive order finding all Defendants jointly and severally liable for all FLSA claims for the Plaintiffs who opted into the collective action and for all Maryland class members. ECF Nos. 190 and 191. During the 60 days after the entry of the liability order, Class Counsel exchanged damage calculations and met and conferred with CUI's counsel numerous times to narrow the issues for filing the Parties' joint submission on damages.

35. On July 6, 2021, the Court entered final judgment on behalf of all Plaintiffs and adopted Plaintiffs' submission on damages, awarding the Plaintiffs the total sum of \$1,950,155.65, consisting of \$292,152.93 in minimum wages, \$612,321.24 in overtime wages, \$70,603.65 in unauthorized deductions, and \$975,077.83 in liquidated damages or double damages. ECF Nos. 193 and 194. This judgment was obtained only after prolonged and hard-fought litigation of almost six years. As of this filing, Plaintiffs have incurred Lodestar fees of \$1,941,450.30 and costs equal to \$49,418.87 for a total of \$1,990,869.17.

36. Plaintiffs made significant offers of settlement throughout this case, which should have been accepted by CUI, including: (1) offering to resolve the case for \$1,927,619.45, inclusive of fees at the second mediation held on December 4, 2017, (2) offering to negotiate a resolution for the 49 initial Plaintiffs in a bracket of \$75,000 to \$565,000, plus fees and costs, on June 29, 2018, (3) offering to reduce the upper bracket to \$550,000 on January 15, 2019, and (4) offering to negotiate in a bracket of \$880,000 to \$3.7 million, exclusive of fees and costs, on February 7, 2020 after the Maryland claims had been certified as a Rule 23 class and numerous class members had been identified. On each of these occasions, Class Counsel's fees and costs were substantially lower than today. CUI had numerous opportunities to resolve this matter on more favorable terms than the judgment entered by the Court and could have resolved the litigation without Class Counsel incurring the substantial fees and costs they now seek.

V. Plaintiffs Have Incurred Reasonable Costs

37. Plaintiffs have worked hard to minimize the costs of this litigation, for example by fighting for representative discovery that substantially reduced the costs incurred for depositions, transcripts, and travel. Plaintiffs utilized in-house methods for the mailing of two FLSA notices and a class action notice rather using a third-party notice administrator for the service. Plaintiffs

have only incurred \$49,418.87 in costs for a fully litigated action over a period of six years. Furthermore, all out-of-pocket costs and litigation expenses incurred in this case over the last six years have been paid by Class Counsel. The details regarding these costs are set forth in Exhibit D to this declaration. Accordingly, the following costs are reasonable and should be awarded by the Court.

38. **Depositions and Transcripts:** Plaintiffs incurred \$19,800.99 for deposition costs (reporter fees, transcripts, and DVDs). Plaintiffs' use of representative discovery and procurement of a stipulation as to CUI's and SFS's joint employment of the Plaintiffs reduced the number of depositions and transcripts required to litigate this case to judgment.

39. **Travel:** Plaintiffs incurred \$6,941.10 in travel expenses (airfare, lodging, transportation, and meals for out-of-town counsel) for me to attend court hearings, depositions, and mediations. I took two Rule 30(b)(6) depositions and four manager and supervisor depositions in person and took four depositions by videoconference to save on travel expenses. Local counsel defended all Plaintiff depositions so no travel expense were incurred for these depositions.

40. **Mediation Services:** Plaintiffs incurred \$6,630.61 for mediation expenses for the mediations held before Judge Legg and mediator Eric Paltell.

41. **Court Filing Fees:** Plaintiffs incurred \$600.00 for the filing fee to initiate this action and for *pro hac vice* admission charges.

42. **Service, Subpoena, and Witness Fees:** Plaintiffs incurred \$2,656.86 for the costs of service of process, subpoenaing payroll, workforce data and other data, and witness fees. SFS's failure to participate in discovery required the use of subpoenas to obtain payroll data from third parties which was essential in calculating Plaintiffs' damages.

43. **Online Legal Research and Other Databases:** Plaintiffs incurred \$5,449.14 in costs for online legal research and the use of other databases, such as witness address tracing databases. This matter concerned complex issues, including, for example, the impact of *Frow* and the default judgment on CUI's liability, and required the use of legal research databases LEXIS and Westlaw. Plaintiffs also used databases to obtain updated addresses for potential opt-in Plaintiffs, witnesses, and class members whose Court-authorized notices of the FLSA collective action and class action were returned as undeliverable by the postal service. Class Counsel maintains hard copy research materials and no reimbursement is sought for the expense for these hard copy libraries.

44. **Pacer Charges:** Plaintiffs incurred \$177.00 in Pacer charges that were attributed to work performed on this case.

45. **Photocopies:** Plaintiffs incurred \$3,815.18 for photocopies and printing of documents. This includes the cost of photocopies for two FLSA collective action notices and a class notice to the Maryland class. Plaintiffs managed this cost by photocopying the notice papers and mailing the notices without the assistance of a third-party notice administrator.

46. **Postage and Courier Fees:** Plaintiffs incurred \$3,334.48 for postage and courier fees. Plaintiffs incurred postage costs to communicate with Plaintiffs, ultimately numbering 153 individuals, regarding the status of this collective and class action case over six years. Furthermore, Plaintiffs incurred postage costs in mailing the two Court-authorized FLSA notices and a class action notice. Plaintiffs also incurred costs in mailing Court documents via UPS to the defaulted Defendants before default was entered.

47. **Teleconference:** Plaintiffs incurred \$13.51 in costs for the use of teleconference lines for holding conferences in this case.

48. I have attached an itemized spreadsheet detailing the dates each expense was incurred by each firm representing Plaintiffs and a description of the expense. *See* Exhibit D.

I HEREBY DECLARE, under the penalty of perjury that the foregoing is true and correct.

Executed this 5th day of August 2021.

/s/ Sam J. Smith
